National Office continues to work very hard to provide a full service to our members. Our phone lines have never been busier. These unprecedented times have meant we have significantly increased both our written and telephone communications and are providing support in enabling U3As to carrying on staying active and connected despite the current restrictions on face to face interactions.

**We would encourage all members to [sign up to our National Newsletter](#) and encourage your friends and colleagues to do the same.**

We have set up a closed Facebook account where members can share ideas and thoughts at <https://www.facebook.com/groups/2833125070105668/>

Thank you all for your help and take care, best wishes to you all
